NOTIFICATION TO EPA OF HAZARDOUS WASTE ACTIVITIES

Region 1

This publication (SW 897.1) was prepared by the Office of Solid Waste from information supplied by the EPA Regions. The listing for each Region is in a separate volume:

Region 1	SW 897.1
Region 2	SW 897.2
Region 3	SW 897.3
Region 4	SW 897.4
Region 5	SW 897.5
Region 6	SW 897.6
Region 7	SW 897.7
Region 8	SW 897.8
Region 9	SW 897.9
Region 10	SW 897.10

U.S. ENVIRONMENTAL PROTECTION AGENCY

1980

For sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402

Preface

Section 3010 of the Resource Conservation and Recovery Act of 1976 (RCRA) requires any person who generates or transports hazardous waste or who owns or operates a facility for the treatment, storage, or disposal of hazardous waste to notify EPA of their hazardous waste activity within 90 days of the promulgation or revision of regulations under Section 3001 of RCRA for identifying or listing hazardous waste. EPA promulgated regulations under Section 3001 of RCRA on May 19, 1980, and published revisions to those regulations on July 16, 1980. This report presents information from notifications which EPA received and processed between May 19, 1980, and November 19, 1980.

EPA received approximately 59,000 notifications during this period. This report contains information from approximately 56,000 of these. Several hundred notifiers requested that their information be held confidential. The Agency is still processing some of these requests, and has not included the information from these notifiers in this report. The Agency did not process the remaining 2,600 or so notifications in time to include information from them in this report.

Certain firms who notified EPA may not now be handling hazardous waste. For example, some "played it safe" and notified to meet the legal requirement and have subsequently determined that they do not handle hazardous waste, while others have been exempted as the result of technical amendments issued since May 19.

This report has ten volumes; one volume for each of EPA's ten regions. The inside front cover of each volume has a list of the geographical areas in each region and the names, addresses and phone numbers of persons you can contact for further information.

The information for each installation is listed alphabetically under the State where it is located. The following page explains the format that is used to show the individual information items for each installation. The information presented in this report is the information which notifiers submitted to EPA. The Agency has not verified its accuracy.

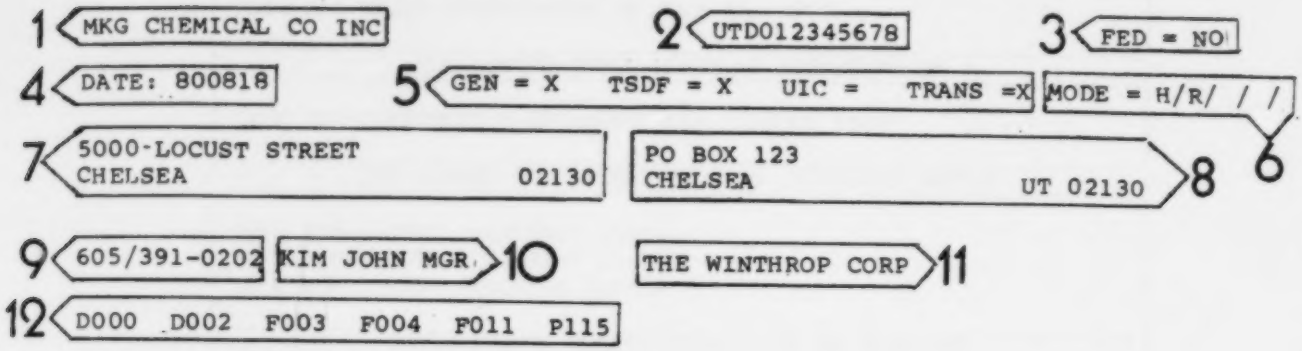
NOV 26 1980

Date

Steffen W. Plehn
Deputy Assistant Administrator
for Solid Waste (WH-562)

INFORMATION FORMAT

Below is an example of the information format used in this report and an explanation of the individual information items.



---

1. Name of Installation
2. Installation's EPA Identification Number
3. Federally Owned Installation - yes or no
4. Date of Notification - year, month, day
5. Type of Hazardous Waste Activity - indicated by an "X", where GEN = Generator, TSDF = Treatment, Storage, or Disposal Facility, UIC = Underground Injection Well, and TRANS = Transportation.
6. MODE OF TRANSPORTATION (for transporters only) - A = Air, R = Rail, H = Highway, W = Water, and O = Other.
7. Location of Installation
8. Installation Mailing Address
9. Installation Contact's Phone Number
10. Installation Contact's Name
11. Installation Owner's Name
12. Hazardous Waste Codes - See next page for explanation.

WASTE BY PROMULGATION SCHEDULE
